

Bulgarian direct-buried optical cable manufacturer

AI Overview

Cimler Ltd. is a leading Bulgarian manufacturer of direct-buried fiber optic cables, with additional suppliers including Fibicon and Tilcom Ltd. Key Manufacturers Cimler Ltd. Cimler Ltd., established in 2018, is a Bulgaria-based manufacturer specializing in high-quality fiber optic cables, including direct-buried, armored, and outdoor cables suitable for telecom, industrial, and infrastructure networks. Their production plant, operational since early 2025, focuses on reliability, top-grade raw materials, and compliance with international standards. Cimler offers a wide range of indoor and outdoor fiber optic cables, including flat drop, self-supported, and flexible models designed for durability and ease of installation. Fibicon Fibicon produces high-quality fiber optic products for demanding sectors such as FTTH, data centers, and military applications. While primarily known for connectors and specialized cables, their manufacturing capabilities include direct-buried optical cables, ensuring compliance with industry standards and rigorous testing. Tilcom Ltd. Founded in 1999, Tilcom Ltd. is a well-established supplier of cables, optical cables, and accessories in Bulgaria. They provide direct-buried and outdoor fiber optic solutions for telecom and industrial applications, serving over 2,500 client companies. Tilcom emphasizes modern commercial practices, high-quality service, and sustainable operations. CableCom Ltd. CableCom Ltd., also founded in 1999, focuses on fiber optics, structured cabling, and data communication systems. They supply direct-buried and outdoor fiber optic cables for state, petrochemical, and energy sectors, combining high performance with flexible project implementation. Summary For projects requiring direct-buried optical cables in Bulgaria, Cimler Ltd. is a primary manufacturer with modern production facilities and a broad product range. Fibicon,...
