

Canadian Cable Tray Installation Company

AI Overview

Leading Canadian companies for cable tray installation include Superior Tray Systems Inc, Unitray, ZipTray, Niedax CER, and MP Husky, all offering CSA-approved, high-quality cable management solutions. Top Companies and Services Superior Tray Systems Inc specializes in custom-designed, robust, and cost-effective cable tray systems suitable for power, control, data, and telecom cables. They provide distribution and installation of engineered power distribution systems across Canada, with CSA and UL certifications ensuring compliance and reliability. Unitray is a leading manufacturer and supplier of aluminum cable trays, offering CSA-approved Class C, D, and E trays in standard lengths of 3m, 5m, and 6m. They emphasize quality, safety, and fast turnaround times, supported by ISO-certified facilities and skilled professionals for installation and project support. ZipTray provides lightweight cable tray systems designed for fast and simple installation without drilling, making them ideal for projects requiring quick deployment. Their systems are compatible with major brands like B-Line and Thomas & Betts, offering flexibility and efficiency. Niedax CER offers a comprehensive range of cable management solutions, including cable ladders, trays, basket trays, and channel trays. With over 30 years of experience in Canada, they focus on innovation, safety, and collaborative product development tailored to client needs. MP Husky supplies fiberglass, steel, and aluminum cable trays that meet or exceed CSA, NEMA, UL, and CTI standards. They provide industry-wide solutions and can connect clients with local representatives for installation and support.

Key Considerations

Certifications: All listed companies provide CSA-approved products, ensuring compliance with Canadian safety standards.
