

Compatible High-Temperature Resistant Core Switch Supplier in North Macedonia

AI Overview

KE Elektronik and Kanthal (Electrolux of Bitola) are key suppliers for high-temperature resistant core switches and heating elements in North Macedonia. KE Elektronik North Macedonia KE Elektronik operates locally in North Macedonia and specializes in electronic components and industrial solutions, including switches suitable for high-temperature applications. They provide technical support and have experience in delivering customized electronic solutions for industrial clients, making them a reliable option for sourcing core switches compatible with demanding environments.

Kanthal (Electrolux of Bitola) Kanthal, part of Electrolux in Bitola, North Macedonia, is a long-established provider of high-temperature resistant alloys and heating systems. Their products include metallic and ceramic heating elements, modules, and high-temperature electrical components. Kanthal's expertise in FeCrAl alloys ensures that their switches and heating elements can withstand extreme temperatures, making them suitable for industrial and specialized applications.

Additional Supplier Resources Trademo North Macedonia provides a directory of local manufacturers and suppliers, allowing you to identify additional companies that may offer high-temperature resistant switches or related components. Industrial associations and business directories in North Macedonia, such as the Macedonian Yellow Pages, can help locate suppliers concentrated around Skopje and other industrial hubs.

Recommendation For sourcing high-temperature resistant core switches, it is advisable to: Contact KE Elektronik for electronic switch solutions and technical customization. Explore Kanthal's heating materials and modules for components designed to withstand extreme temperatures. Use Trademo and local industrial directories to identify additional suppliers and compare product specifications, certi...
