

Customization Process for Upgraded Outdoor Communication Power Supply Cabinets

Overview

Full OEM/ODM Support – Tailor materials (galvanized steel/aluminum), dimensions, cooling systems & cable management. Precision Manufacturing – ± 0.5 mm tolerance for seamless component. By opting for outdoor cabinetry customization, you can enhance the durability, functionality, and visual appeal of your setup. Our custom designs withstand high temperatures (-40°C to 75°C), feature IP68 waterproof sealing, and comply with UL/CE standards for global deployment. We design and manufacture high-quality custom enclosures, while providing professional assembly, system integration, and tailored support services for telecom. Our working method is mainly to configure the equipment with the corresponding power according to the customer's needs, and customize it for the scene, and finally deliver it in one-stop All in One Cabinet. Add weatherproof features like NEMA or IP ratings for protection. Pick a trusted seller with good support and quality checks. Choosing the right materials is critical for.
