

Fiji Connector and Optical Cable Manufacturer

AI Overview

Dominion Wire & Cables Limited is Fiji's primary local manufacturer of optical and other types of cables, complemented by service providers like Datec Fiji and NetCare for installation and maintenance. Dominion Wire & Cables Limited, established in 1980, is Fiji's only local manufacturer and distributor of cable solutions, including energy, communication, data, and industrial cables. They produce cables to international standards such as AS/NZS and BS specifications, ensuring high-quality optical and other cabling solutions. Dominion exports to Australia, New Zealand, and other Pacific Islands, and their in-house research and development team can design and manufacture custom cable systems. They also provide complete cable and accessories packages for communication and data networks. Datec Fiji Datec (Fiji) PTE LTD specializes in fiber optic services, including design, installation, fusion and mechanical splicing, testing, and maintenance. Their technicians are trained to handle installations for businesses, government, healthcare, industrial sites, and educational institutions. Datec offers end-to-end solutions for optical fiber networks, including emergency repair services, ensuring minimal downtime for critical systems. NetCare Fiji NetCare Fiji provides structured cabling solutions, including single-mode and multi-mode fiber optic cabling for high-bandwidth applications. They handle the full lifecycle of network cabling projects, from design and installation to testing, certification, and ongoing maintenance. Their certified technicians ensure compliance with industry standards and optimal network performance. VT Solutions Ltd VT Solutions offers fiber and data cabling services alongside other network infrastructure solutions. They provide scalable cabling systems for commercial and industrial projects, including Cat6, Cat6A, coaxial, and...
