

Finnish duct optical cable manufacturer

AI Overview

Nestor Cables is a leading Finnish manufacturer of fiber optic and duct optical cables, complemented by other specialized companies like Crimppi, Fiber Highway, and Naficon Liitin Oy. Nestor Cables, based in Oulu, Finland, develops and manufactures optical and copper telecommunications cables, including duct optical cables and fiber optic accessories for industrial and data center applications. The company produces 60,000 to 80,000 kilometers of cable annually, serving markets in Europe, the Baltics, the USA, the Middle East, and East Africa. Their product range includes special optical and field cables, installation materials under the NesCon brand, and solutions for border and access control. Nestor Cables is a member of the Cable Manufacturers' Association Europacable and has strong expertise in high-quality fiber optic solutions. Other Finnish Manufacturers Crimppi specializes in plastic optical fiber (POF) cables and industrial optical fiber assemblies, offering automated production, traceability, and ready-to-install solutions. Fiber Highway Finland Oy focuses on telecommunications cabling, connectivity, and certified testing, particularly for data centers and high-security networks. Naficon Liitin Oy manufactures passive fiber optic products, including pigtails, patch cords, and multifiber cables, with over 30 years of experience in telecommunications. Summary For duct optical cable solutions in Finland, Nestor Cables is the primary manufacturer with extensive production capabilities and international reach. Companies like Crimppi, Fiber Highway, and Naficon Liitin Oy provide complementary expertise in specialized fiber optic products, industrial assemblies, and connectivity solutions, making Finland a robust hub for high-quality optical cable manufacturing.
