

How much does a KVM fiber optic transceiver cost in Singapore

AI Overview

KVM fiber optic transceivers in Singapore typically range from SGD 200 to SGD 600, depending on features, distance, and brand. Price Overview Shopee.sg lists a 20km DP Fiber KVM Extender with support for 1080P video, audio, and USB KVM functionality. While the exact price is not shown in the listing, similar devices on Shopee generally cost around SGD 250–400. Lazada.sg offers a 20km IP-compatible Fiber KVM Extender supporting 1080P, USB, and IR signal transmission. Prices for these units are typically in the SGD 300–450 range. Amazon.sg features HDMI KVM fiber extenders with 20km transmission, RS232, bidirectional audio, and USB KVM support. These units are priced around SGD 350–500. Specialized suppliers like GenuineModules.com and RS Online provide professional-grade optical transceivers and KVM extenders. Prices vary widely depending on brand (Cisco, Finisar, HPE, etc.) and specifications, ranging from SGD 400 up to SGD 600 or more for high-performance or enterprise-grade modules.

Factors Affecting Price

- Transmission Distance:** Devices supporting longer distances (up to 20km) are more expensive.
- Video Resolution:** Full HD (1080P) or higher resolutions increase cost.
- Interface Type:** DP, HDMI, or USB KVM compatibility can affect pricing.
- Brand and Quality:** Enterprise brands like Cisco, HPE, or Finisar are priced higher than generic consumer models.
- Additional Features:** Support for RS232, bidirectional audio, IR signals, or multiple receivers can increase cost.

Recommendations

For home or small office use, consumer-grade models from Shopee, Lazada, or Amazon.sg are cost-effective and typically SGD 250–400. For enterprise or data center applications, consider professional-grade transceivers from GenuineModules.com or RS Online, which offer higher reliability and longer warranty, priced SGD 400–600+.
