

How much does a lighting distribution box cost in Zambia

AI Overview

A standard lighting distribution box (DB board with breakers) in Zambia costs approximately ZMK 800–1,500. Price Range and Factors The cost of a lighting distribution box in Zambia depends on the number of circuits, brand, and quality. For a typical residential installation, a DB board with breakers is priced between ZMK 800 and ZMK 1,500 . Higher-end or larger distribution boxes with more circuits may cost more, while smaller or basic models may be at the lower end of this range. Additional Costs When budgeting for a lighting distribution box, consider: Installation by a licensed electrician: ZMK 2,000–4,000 for labor for a standard house . Cables and accessories: ZMK 1,200–2,000 for cables, ZMK 300–600 for conduits and fittings . Switches, sockets, and light fittings: ZMK 500–1,000 for switches and sockets, ZMK 400–1,000 for light fittings . Where to Buy You can purchase lighting distribution boxes from electrical wholesalers and suppliers in Zambia, including: Lightcon Zambia – offers quality electrical components and DB boards . Local suppliers in Lusaka, Ndola, Kitwe, and Chingola – multiple outlets listed in directories for electrical equipment . Tips Always ensure the DB board is certified and meets ZESCO standards. Hire a licensed electrician to install the box, as ZESCO requires a certificate of compliance before connecting your meter . Compare prices from multiple suppliers to get the best deal and ensure warranty coverage. By considering both the purchase price and installation costs, a complete lighting distribution setup for a standard home in Zambia typically ranges from ZMK 3,000 to 6,000 for materials alone, with total costs including labor reaching ZMK 5,000–10,000 .
