

Iraq Telecommunications Fiber Optic Cable Bidding Information

AI Overview

Iraq currently offers multiple fiber optic cable tenders and investment opportunities through government and private channels, with strategic projects aimed at enhancing digital infrastructure and regional connectivity. Current Tender Opportunities Several active tenders for fiber optic infrastructure in Iraq are available: Purchase of Network Switches and Fiber Optic Cable Reels: This tender invites suppliers to provide network switches and fiber optic cable reels, with applications previously open under Tender Ref No 105413345. Interested parties can access the tender documents via the official Iraqi Oil Ministry portal or TenderDetail.com for registration and submission details. Telecommunication Infrastructure Tenders: Iraq's government and semi-government agencies regularly issue tenders for fiber optic networks, telecommunication towers, antennas, VSAT systems, and related equipment. Platforms like GlobalTenders provide updated listings of these opportunities, including RFPs, RFQs, and ICBs. Upcoming Projects and Investment Opportunities: Blackridge Research's Global Project Tracker lists ongoing and upcoming telecommunication infrastructure projects in Iraq, including fiber optic cable installations, data centers, and transit corridors. Users can filter projects by location, capacity, CapEx, and project stage to identify relevant bidding opportunities. Strategic Fiber Optic Initiatives Iraq's National Investment Commission (NIC) and Ministry of Communications are actively promoting strategic fiber optic projects: Digital Telecommunications Corridor: Partnerships between Zain Omantel International, Horizon Scope Telecom, and the Iraqi Telecommunications and Information Company aim to establish a corridor connecting the Middle East to Europe through Iraq, enhancing regional connectivity. Transit and Submarine Fiber...
