

Kuwait Optical Cable Survey Instrument Manufacturer

AI Overview

Taihan Kuwait is the first optical cable manufacturing entity in Kuwait, while EPSS Kuwait supplies surveying and cable locating instruments. Taihan Kuwait – Optical Cable Manufacturer Taihan, in partnership with Rank, a local construction and trading company, has established Taihan Kuwait, the first optical cable manufacturing factory in the country. The factory is located in the Mina Abdulla Industrial Area and covers a 5,000 m² site. It produces indoor and outdoor optical cables, including duct optical cables, direct-buried cables, and tight-buffered indoor cables suitable for various installations. The factory aims to meet the growing demand for optical cables in Kuwait and the GCC region, leveraging Taihan's 50+ years of experience in the Middle East.

EPSS Kuwait – Survey and Locating Equipment Supplier EPSS Kuwait is a leading provider of engineering products and survey services. They distribute high-quality cable, pipe, and fault locating equipment, as well as GNSS/GPS receivers for surveying and mapping. EPSS represents brands like Rycom Instruments, which specializes in cable and pipe locating devices, and GeoMax, which offers total stations, GPS/GNSS instruments, optical and digital levels, and related accessories. These instruments are essential for optical cable surveying, installation planning, and network maintenance.

Other Relevant Suppliers KATEC (Kuwait Advanced Technology) supplies a wide range of fiber optic cables, data communication cables, and installation accessories, along with smart building and IoT solutions. While KATEC primarily distributes cables and network components, they provide tools and support for optical cable deployment.

Alphatech Company offers telecommunication and fiber optic products, including control and networking cables, and may provide complementary equipment for optical cable projects.
