

# Oman Corrosion-Resistant Cable Tray Manufacturer

## AI Overview

Oman has several reputable manufacturers and suppliers of corrosion-resistant cable trays, including FRP and stainless steel options, suitable for industrial and harsh environments. Leading Manufacturers and Suppliers

1. **SV Composites & Engineering Pvt Ltd** SV Composites specializes in FRP (Fiber Reinforced Plastic) cable trays, offering high load-carrying capacity, fire resistance, and excellent corrosion resistance. Their trays are suitable for coastal environments, chemical industries, and high-temperature applications. They provide a variety of configurations, including channel-type trays for light instrumentation cables and heavy-duty trays for power cables, with full technical support and customization options.
2. **Gulf Grating** Gulf Grating manufactures pultruded FRP cable trays designed for aggressive corrosive environments. Their products are lightweight yet strong, available in perforated and ladder types, and include complete fittings and accessories. Applications span airports, desalination plants, oil & gas, marine, shipbuilding, and chemical industries, making them ideal for long-term, maintenance-free installations.
3. **Albustan Technical Supplies LLC** Albustan Technical provides a wide range of cable trays, ladders, and raceways made from steel, aluminum, PVC, and FRP, all designed for corrosion resistance and mechanical protection. Their systems are suitable for residential, commercial, and industrial setups, ensuring proper ventilation, easy maintenance, and compliance with international safety standards.
4. **SKT LLC** SKT offers corrosion-resistant cable trays in perforated, solid-bottom, and ventilated designs, using stainless steel and treated surfaces for harsh environments. Their solutions are engineered for industrial plants, data centers, and infrastructure projects, providing long-term durability, flexibility, and compliance with BS, EN, AST...
