

Philippine IDC Data Center Headboard

AI Overview

IDC's Philippine office is located in Bonifacio Global City, Taguig, serving as the hub for its data center research and market operations in the country. IDC Philippines Office IDC Market Research Philippines Inc. operates from 2847 Penthouse World Plaza, 5th Avenue, Bonifacio Global City, Brgy. Fort Bonifacio, Taguig, Philippines 1634, and can be contacted at +63 2 5322 7627. This office serves as the primary point for IDC's market research, consulting, and data center intelligence in the Philippines.

Philippine Data Center Market The Philippines data center market is experiencing rapid growth. In 2026, the market size is estimated at USD 0.85 billion, up from USD 0.69 billion in 2025, with projections reaching USD 2.37 billion by 2031, reflecting a CAGR of 22.88% over 2026-2031. The installed IT load capacity is expected to grow from 632.8 MW in 2025 to 852.8 MW by 2030, at a CAGR of 6.15%. Key drivers include hyperscale deployments, government cloud-first mandates, expansion of submarine cable networks, and enterprise digital transformation programs in banking, telecom, and e-commerce.

Existing and Upcoming Data Centers Currently, the Philippines hosts 30 existing data center facilities operated by companies such as ePLDT, Globe Telecom & ST Telemedia, BeeinfoTech, Digital Edge, and others, contributing over 190 MW of IT load. 11 upcoming data centers are expected to add more than 750 MW by 2028, with Manila remaining the dominant hub and Cavite, Tarlac City, and Laguna emerging as secondary growth clusters. Large-scale projects totaling over 500 MW are under construction or planned through the 2030s.

Key Operators ePLDT: Leading with 60+ MW of IT load, over 30% of total capacity. Globe Telecom & ST Telemedia: Significant domestic telecom-backed presence. BeeinfoTech, Digital Edge, Diode Ventures, ENDEC, DITO Telecommunity: Active in colocation and hyperscale deployments.

Summary IDC's Philippine office provides market intelligence and research for the rapidly expanding data center sec...
