

Philippines Fiber Optic Cable Maintenance Center Building

AI Overview

The Philippines Fiber Optic Cable Network Ltd. (PFOCN) Maintenance Center is located at Unit 2801-2803, 28th Floor, The Podium West Tower, No.12 ADB Avenue, Wack-Wack Greenhills, Mandaluyong City, Philippines. Location and Building Details The PFOCN Maintenance Center is housed in The Podium West Tower, a high-rise office building in Mandaluyong City, Metro Manila. This facility serves as the central hub for the company's nationwide fiber optic cable operations, including 24/7 proactive maintenance and disaster-ready network management. The building is strategically located in a business district, providing easy access for technical teams and clients. Services and Operations PFOCN specializes in end-to-end underground fiber optic solutions, covering investment, construction, operation, and maintenance of fiber optic networks across the Philippines. The maintenance center ensures SLA-guaranteed issue resolution within 6 hours, supported by expert technical teams. The facility also coordinates nationwide network monitoring, emergency service restoration, and infrastructure upgrades. Additional Context The building functions not only as an administrative office but also as a technical operations hub, supporting the resilience and high-capacity connectivity of the Philippines' fiber optic infrastructure. PFOCN's network is designed for disaster resistance and stable performance, making the maintenance center a critical component of the country's digital infrastructure. For inquiries or technical support, PFOCN can be contacted through their official website or directly at the Mandaluyong office.
