

Price List for Vertical Cable Trays in Mexico

AI Overview

Vertical cable trays in Mexico are available in galvanized steel, stainless steel, and FRP, with prices for standard ladder-type trays starting around MXN 1,200–1,800 per 2.4-meter section.

Material and Type Options

- Galvanized Steel:** Hot-dip or electrolytic galvanized for moderate to severe environmental conditions, suitable for industrial and commercial installations.
- Stainless Steel (ANSI 304):** Provides excellent corrosion resistance for chemical, food, or saline environments.
- Fiberglass Reinforced Plastic (FRP):** Ideal for highly corrosive environments, lightweight, and durable.

Designs: Ladder-type trays dominate vertical installations due to superior cable support and ventilation. Perforated trays are cost-effective for lighter loads, and solid-bottom trays protect cables from debris or electromagnetic interference.

Price Estimates

- Standard Ladder-Type Cable Tray (2.4 meters):** MXN 1,200–1,800 per section, depending on material and galvanization.
- Fittings and Accessories:** Priced per unit, including elbows, tees, reducers, and vertical supports.
- Custom or High-Performance Trays:** Stainless steel or FRP trays for specialized industrial applications may cost significantly more, depending on load capacity and environmental protection requirements.

Suppliers in Mexico

- Tecnotray:** Offers a wide range of mesh and ladder-type trays with multiple finishes and patented painting processes, certified by ANCE, LAPEM, PEMEX, and UL.
- Siesa:** Provides ladder-type trays with high UV and corrosion resistance, suitable for industrial and commercial environments.

Electrical Cable Tray Manufacturers: Supply galvanized steel, stainless steel, and FRP trays with flexible mounting options and customizable fittings.

Considerations for Vertical Installations

- Load Capacity:** Ensure the tray supports the weight of cables and accessories. Ladder-type trays are preferred for heavy power cables.
- Environmental...**
