

Prices of Electro-galvanized Cable Trays in China

AI Overview

Galvanized cable trays in China are available from factory-direct suppliers with prices typically ranging from \$5 to \$50 per meter depending on type, size, and customization options.

Overview of Pricing

Standard Hot-Dipped Galvanized Cable Trays
Price range: \$10–\$50 per meter depending on width, height, and load capacity. Suitable for heavy-duty applications and harsh environments due to high corrosion resistance.

Lightweight or OEM Galvanized Cable Trays
Price range: \$5–\$20 per meter for standard sizes and bulk orders. Often used in commercial or residential projects where load requirements are moderate.

Customized or Factory-Direct Options
Prices vary based on length, width, perforation type, and coating thickness. Suppliers like ACE Electric and Tianjin Baoli Gold Pipe Co., Ltd offer tailored solutions with competitive pricing for bulk orders.

Factors Affecting Price

Material and Coating: Hot-dipped galvanized trays are more expensive than pre-galvanized trays due to superior corrosion protection.

Tray Type: Ladder, perforated, and solid-bottom trays have different costs; ladder trays are generally more expensive.

Load Capacity: Trays designed for higher cable loads or longer spans cost more.

Order Quantity: Bulk purchases often qualify for discounts, especially from factory-direct suppliers.

Customization: OEM or custom dimensions increase the price but allow precise fit for specific projects.

Recommended Sourcing Platforms

Alibaba: Direct access to multiple Chinese manufacturers with price quotes and bulk order options.

Made-in-China: Offers factory-direct pricing and OEM options for various galvanized cable tray configurations.

ACE Electric: Professional manufacturer providing wholesale and customized galvanized cable trays.

Tradewheel: Connects buyers with 178 registered Chinese cable tray suppliers for global trade.
