

Ukrainian Stainless Steel Cable Tray Price Inquiry

AI Overview

Stainless steel cable trays in Ukraine typically cost between 1,020 UAH and 1,845 UAH for standard 2.5-meter wire trays, depending on size and type. Price Overview Local suppliers list stainless steel wire cable trays (AISI 304) at the following prices per 2.5-meter section: 50x50 mm tray: 1,020 UAH 100x50 mm tray: 1,070 UAH 200x50 mm tray: 1,452 UAH 200x100 mm tray: 1,845 UAH 300x50 mm tray: 1,845 UAH This translates roughly to 408–738 UAH per meter, depending on the tray dimensions and wire thickness. Factors Affecting Cost Material Grade: Stainless steel (AISI 304) is more expensive than galvanized steel or aluminum due to its corrosion resistance and durability. Tray Type: Wire mesh trays are generally cheaper than ladder or perforated trays, while ladder trays can support heavier loads and cost more. Size and Load Capacity: Larger trays or those designed for higher cable loads are priced higher. Supplier and Bulk Orders: Prices may vary between manufacturers, and bulk purchases can reduce the per-meter cost. Additional Accessories: Connectors, bends, and supports can add to the total project cost. Market Context Stainless steel cable trays are considered cost-effective over the long term due to their durability, low maintenance, and resistance to corrosion, making them suitable for industrial and outdoor installations. Local manufacturers in Ukraine, such as Jeetmull Jaichandlall and Brilltech Engineers, offer customized solutions and delivery options, which can influence pricing. For large projects, it is recommended to request quotes from multiple suppliers to account for variations in size, finish, and shipping costs.
